WORK EXPERIENCE

Software Developer

since August 2020. NormaSoft doo, Belgrade

Working in agile scrum environment on creating, development and maintaining several web applications, primarily using ReactJs (hooks and class based component) and TypeScript. Primarily responsible for client-side application functionality. Work in teams of 5-6 developers, using GIT, BitBucket and Atlassian Jira. Work on projects: Evideus (<https://evideus.rs>) developed for Auto-moto Association of Serbia (AMSS), UOS – application for all possible kinds of reports (city, time, date, policy type, etc) developed for the Association of Serbian Insurers, AktonViber (<https://viberservis.akton.rs>) developed for Akton Communications, GHCRM (<https://www.goldenhome.gr>)

The Principal of High School

August 2015 - March 2020. High School “Miloje Vasić” Veliko Gradiste

Introduced a new educational profile into school. Lead the school into new dual educational system. In cooperation with local authorities and The Ministry of Education opened a new separate department of High School in Golubac (first time for the School and also the first time for the city of Golubac). Organized writing and publishing of school monograph (for the first time in 140 years of the School's history). Also organized many investment works for school reparation, and significantly equipped school with new IT-equipment. Conducted the changing of the school name. Organized regional conferences and one international symposium. Gained numeral organizational and management skills. Had position of Manager for Projects in Education in The Municipality of Veliko Gradiste during three years.

The Professor of Informatics

2019-2020. Association of citizens “ETalent” Veliko Gradiste

One of the founders of “ETalent” and lecturer on the training courses for learning basics in digital literacy, within the project of The Ministry of Trade, Tourism and Telecommunication.

The Professor of Mathematics in High School

2007–2015 and from march 2020. until now, High School “Miloje Vasić” Veliko Gradiste

Very successful in preparing students for school competitions and entrance exams for University. Numerous first places in district competitions, eight placements in the State competition (won one first, two second and two third places); Mentor to the student who won the first place on The Raf Challenge Competition 2011. External associate of Institute for Quality Evaluation of Education and The Casio company – one of the national coordinators and teacher's coach for implementation of advanced calculator's functions for the needs of final examination. Also external associate of the same Institute for The Textbook Development Center. Administrator of School website.
